

Why eScrip ?

eScrip is the largest electronic fundraising program of its kind. Since 1999, eScrip has distributed over \$250 million dollars to schools and youth organizations around the country. There is no cost to participate, no receipts to collect, and every purchase makes a difference.

By simply following the steps below, eScrip will donate a percentage of your purchases at participating merchants to our band booster organization, TEMPO. Please also invite family, friends, co-workers and neighbors. There is no limit to the number of people who can sign up to support our group, and each participant can support up to 3 different groups.

Please support the band and color guard students of the Blue & Black Brigade by signing up today!
